A

Abel, A. R., *see* Eigen, L. A., 207

Acetylphenylhydrazine anemia, I. Mechanism of erythrocyte destruction and regeneration, 781

Acidosis, diabetic, peripheral circulatory failure in, and its relation to treatment, 364

Acriflavine, treatment of tularemia with, 803

Adams, M. A., *see* Taylor, F. H. L., 585

Addison's disease: treatment and prognosis, 264

Age, effect of, on susceptibility of erythrocyte to hypotonic salt solutions, 157

Alcohol, effect of, on vision, 723

Allen, J. G., *see* Carpenter, G., 655

Allergy and resistance to infection, 447

Alpha-tocopherol, synthetic (vitamin E), negative therapeutic and metabolic effects of, in muscular dystrophy, 258

Anemia, acetylphenylhydrazine, I. Mechanism of erythrocyte destruction and regeneration, 781
pernicious, complicated by myelogenous leukemia, 167
concentrated liver extract in maintenance treatment of, 408
significance of target cells in, 869

Angina pectoris in young individuals with aortic insufficiency; 6 cases, 737

Anoxia, modification of resistance to, with especial reference to high altitude flying, 336

Antopol, W., Goldman, L., and Sampson, W. L., erythrocyte fragility changes produced by sulfanilamide, 163

Aortic insufficiency, angina pectoris in young individuals with; 6 cases, 737

Arsenicals, trivalent, in syphilis, II. Treatment reaction, 606

Arthritics, 400, complete Roentgen ray studies of gastro-intestinal tract in, 68

Ascorbic acid and vitamin A in pulmonary tuberculosis; determination in plasma by photoelectric colorimeter, 831
dietary, and plasma, relation between, 77

Asparagin bacteriophage, two cases of staphylococcic meningitis treated with, 874

Aspiration pneumonia, experimental; fluorescence and pathology, 542

Atrophy, localized lipoid, note on, in diabetes, 880

Avery, N. L., Jr., *see* Field, H., Jr., 798

Aycock, W. L., constitutional types and susceptibility to paralysis in poliomyelitis, 456

B

Bach, T. F., *see* Spackman, E. W., 68

Bacterial endocarditis, subacute, results of chemotherapy in, 798

Balfour, W. M., *see* Cruz, W. O., 157

Ballistocardiograph, clinical studies with; in congestive failure, etc., 469

Barach, A. L., Eckman, M., and Molomut, N., modification of resistance to anoxia, with especial reference to high altitude flying, 336

Barnes, C. E., *see* Duncan, G. G., 553

Barren marriage, scope of artificial impregnation in, 92

Bassen, F. A., *see* Shapiro, L. M., 341

Bassett, A. M., Coons, A. H., and Salter, W. T., protein-bound iodine in blood, V and VI, 516, 527

Bauer, J. H., *see* Turner, T. B., 416
W., *see* Coggeshall, H. C., 486

Bayard, A. B., *see* Wolman, I. J., 542

Beerman, H., and Stokes, J. H., trivalent arsenicals in syphilis, II. Treatment reactions, 606

Bennett, A. E., clinical investigations with curare in organic neurologic disorders, 102
G. A., *see* Coggeshall, H. C., 486
Berk, J. E., and Lieber, M. M., primary carcinoma of liver in hemochromatosis, 708
Bingham, J. B., Meyer, O. O., and Pohle, F. J., studies on hemorrhagic agent 3,3′-methylenebis (4-hydroxycoumarin), 563
Blankenhorn, M. A., *see* Ruegsegger, J. M., 432
Block, F. B., uterine fibroids, 902
Blood flow, cerebral, in monkey, quantitative measurement of, 154
levels of dogs, effect of dermal and enteral irradiation by radio-phosphorus on, 650
pressure, arterial, in hemorrhage, rôle of kidney in maintenance of, 914
protein-bound iodine in, V and VI, 516, 527
serum, desiccated, viability of spirochetes of syphilis and yaws in, 416
simple micro-test for sulfanilamide and its derivatives in, 687
Blotner, H., blood and urine chlorides in 22 cases with diabetes insipidus, 222
Blumenthal, B., *see* Bohning, A., 671
F., *see* Sheldon, J. M., 98
Bohning, A., Katz, L. N., Langendorf, R., and Blumenthal, B., intraventricular block, including so-called bundle branch block, 671
Bohrod, M. G., significance of target cells in anemia, 869
Bronstein, I. P., *see* Hirschberg, N., 333
Bryan, A. H., Turner, D. F., Huenemann, R. L., and Lotwin, G., relation between plasma and dietary ascorbic acid, 77
Bundle branch block, so-called, intraventricular block including, 671
unstable; critical rates in ventricular conduction, 198
Burton, A. C., *see* Jeffers, W. A., 1
B vitamins, studies of, in human subject, I and II, 502, 512

C

Calciferol (Vitamin D_2) and low calcium diet, effect of, on calcium and phosphorus metabolism, 691
Calcium and phosphorus metabolism, effect of low calcium diet and calciferol (vitamin D_2) on, 691
diet, low, and calciferol (vitamin D_2), effect of, on calcium and phosphorus metabolism, 691
Cancer, mammary, development of, and pregnancy, 402
Capillaries in myxedema, 435
Carbonic anhydrase, rôle of, in certain ionic exchanges, 915
Carcinoma of papilla of Vater; clinical features in 40 cases, 238
primary, of liver, in hemochromatosis, 708
Carpenter, G., and Allen, J. G., defect in clot formation observed in 3 cases of chronic agnogenic hemorrhagic disease, 655
Cephalin flocculation test in cirrhosis of liver, 48
Cerebellum, tumors of, unusual symptomatology with, based on 158 verified cases, 313
Cerebral blood flow in monkey, quantitative measurement of, 154
Cerebrospinal fluid protein values determined by tyrosine equivalent method, 330
Chemotaxis of leukocytes, motion picture showing, 154
Chemotherapy, results of, in subacute bacterial endocarditis, 798
Chlorides, blood and urine, in 22 cases with diabetes insipidus, 222
Churg, J., and Lehr, D., simple micro-test for sulfanilamide and its derivatives in blood, 687
Circulation in traumatic shock, 155
Circulatory failure, peripheral, in diabetic acidosis and its relation to treatment, 364
Cirrhosis of liver, cephalin flocculation test in, 48
Clot formation, defect in, observed in 3 cases of chronic agnogenic hemorrhagic disease, 655
Clotting property, strong, globulin-fraction in rabbit's plasma possessing, 578
Coggeshall, H. C., Bennett, G. A., Warren, C. F., and Bauer, W., synovial fluid and synovial membrane abnormalities resulting from varying grades of systemic infection and edema, 486
Cohn, C., *see* Schecter, A. E., 364

Colitis, idiopathic ulcerative, appraisal of medical *versus* surgical treatment of; follow-up on 50 cases, 59

Collins, D. A., *see* Hamilton, A. S., 914

Colon and rectum, diseases of, 282

Coman, D. R., motion picture showing chemotaxis of leukocytes, 154

Comfort, M. W., *see* Sharpe, W. S., 238

Congenital heart disease during pregnancy, 392

Coons, A. H., *see* Bassett, A. M., 516

Corticosterone, synthesis of an isomer of, 153

Cretin's response to typhoid inoculation, note on, 333

Cruz, W. O., acetylphenylhydrazine anemia, I. Mechanism of erythrocyte destruction and regeneration, 781

Hahn, P. F., Bale, W. F., and Balfour, W. M., effect of age on susceptibility of erythrocyte to hypotonic salt solutions, 157

Cullen, M. L., Schecter, A. E., Freeman, N. E., and Laws, M. K., circulation in traumatic shock, 155

Curare, clinical investigations with, in organic neurologic disorders, 102

D

Dameshek, W., *see* Singer, K., 171

Dermatophytosis, causative relationship of, to thromboangiitis obliterans, 822

Diabetes insipidus, blood and urine chlorides in 22 cases of, 222

mellitus in infancy and childhood, 138

note on localized lipoid atrophy in, 880

Diabetic morbidity and mortality in general hospital, analysis of, 246

state as influenced by diet, 731

Dietary ascorbic acid and plasma, relation between, 77

Diving, depression of metabolism during, 915

Dodd, K., Riven, S. S., and Minot, A. S., use of guanidine hydrochloride in treatment of myasthenia gravis, 702

Dolger, H., *see* Pollack, H., 246

Dumke, P. R., *see* Schmidt, C. F., 154

Duncan, G. G., and Barnes, C. E., action of globin insulin compared with that of crystalline, unmodified, and protamine zinc insulin, 553

Dystrophy, muscular, negative therapeutic and metabolic effects of synthetic alpha-tocopherol (vitamin E) in, 258

E

Eckman, M., *see* Barach, A. L., 336

Edema and systemic infection, synovial fluid and synovial membrane abnormalities resulting from varying grades of, 486

of malaria, relationship of hypoalbuminemia to, 861

Ehrenstein, M., synthesis of an isomer of corticosterone, 153

Eidelsberg, J., and Madoff, I., effectiveness of methyl testosterone administered orally, 83

Eigen, L. A., and Abel, A. R., subacute bacterial endocarditis on right ventricular wall opposite a ventricular septum defect, 207

Ellenberg, M., *see* Pollack, H., 246

Elsom, K. A., and Ferguson, L. K., appraisal of medical *versus* surgical treatment of idiopathic ulcerative colitis; follow-up on 50 cases, 59

K. O'S., and Machella, T. E., studies of the B vitamins in human subject, I and II, 502, 512

Endocarditis, hemophilus influenzæ Type A, 187

subacute bacterial, on right ventricular wall opposite a ventricular septum defect, 207

results of chemotherapy in, 798

Erf, L. A., effect of dermal and enteral irradiation by radio-phosphorus on blood levels of dogs, 650

Ernstene, A. C., and Schneider, R. W., angina pectoris in young individuals with aortic insufficiency; 6 cases, 737

Erythrocyte, effect of age on susceptibility of, to hypotonic salt solutions, 157

fragility changes produced by sulfanilamide, 163

Estrous, correlation of leukocyte count with peak of, and apparatus for recording cyclical activity in rat, 154

Evans, T. S., and Jordan, R. H., concentrated liver extract in maintenance treatment of pernicious anemia, 408

F

Fabricant, N. D., nasal physiology, 601

Farris, E. J., apparatus for recording cyclical activity in rat and correlation of leukocyte count with peak of estrous, 154

Ferguson, L. K., *see* Elsom, K. A., 59

Fibroids, uterine, 902

Field, H., Jr., Hoobler, S. W., and Avery, N. L., Jr., results of chemotherapy in subacute bacterial endocarditis, 798

Finland, M., *see* Lozner, E. L., 593
see Peterson, O. L., 757

Fitz-Hugh, T., Jr., *see* Rhoads, J. E., 662

Fleming, W. L., and Moore, J. E., V. Human constitution and syphilitic infection; review of literature, method of study and results in 36 patients, 38

Fletcher, E., *see* Newman, H., 723

Flocculation test, cephalin, in cirrhosis of liver, 48

Foster, D. B., *see* MacNeal, P. S., 874

Freeman, N. E., *see* Cullen, M. L., 155
J. T., and Heiken, C. A., geriatric aspect of pulmonary tuberculosis, 29

Friedman, B., Jarman, J., and Klemperer, P., sustained hypertension following experimental unilateral renal injuries; effects of nephrectomy, 20

G

Gastro-duodenal hemorrhage, painless, causes of, 52
ulcers, autopsy survey of, in Philadelphia General Hospital, 1920–1937, 423

Gastro-intestinal tract, complete Roentgen ray studies of, in 400 arthritics, 68

Geckeler, G. D., phonograph records of heart sounds, murmurs and arrythmias, 685

General hospital, analysis of diabetic morbidity and mortality in, 246

Geriatric aspect of pulmonary tuberculosis, 29

Getz, H. R., and Koerner, T. A., vitamin A and ascorbic acid in pulmonary tuberculosis; determination in plasma by photoelectric colorimeter, 831

Globulin fraction derived from rabbit plasma, thrombic activity of, 585
in rabbit's plasma possessing strong clotting property, 578

Goldman, L., *see* Antopol, W., 163

Gordon, J. S., Jr., and Manning, J. J., autopsy survey of gastro-duodenal ulcers in Philadelphia General Hospital, 1920–1937, 423

Grant, F. C., Webster, J. E., and Weinberger, L. M., unusual symptomatology with tumors of cerebellum based on 158 verified cases, 313

Grinnell, S. W., *see* Irving, L., 915

Guanidine hydrochloride, use of, in treatment of myasthenia gravis, 702

H

Hahn, P. F., *see* Cruz, W. O., 157

Hamburger, M., Jr., *see* Ruegsegger, J. M., 432

Hampton, H. P., and Kepler, E. J., Addison's disease: treatment and prognosis, 264

Handicapped, physically, some medical, social and economic problems of, 625

Hanger, F. M., and Patek, A. J., Jr., cephalin flocculation test in cirrhosis of liver, 48

Harris, M. M., negative therapeutic and metabolic effects of synthetic alpha-tocopherol (vitamin E) in muscular dystrophy, 258

Heart disease, congenital, during pregnancy, 392
sounds, murmurs and arrythmias, phonograph records of, 685

Heiken, C. A., *see* Freeman, J. T., 29

Helpern, M., *see* Most, H., 251

Hematologic changes following splenectomy in man, with particular reference to target cells, hemolytic index and lysolecithin, 171

Hemochromatosis, primary carcinoma of liver in, 708

Hemophilus influenzæ Type A endocarditis, 187

Hemorrhage, gastro-duodenal, painless, causes of, 52
rôle of kidney in maintenance of arterial blood pressure in, 914

Hemorrhagic agent 3,3′-methylenebis (4-hydroxycoumarin), studies on, 563
disease, chronic agnogenic, defect in clot formation observed in 3 cases of, 655

Hemostatic, local, use of rabbit thrombin as, 593

High altitude flying, modification of resistance to anoxia, with especial reference to, 336

Hirschberg, N., and Bronstein, I. P., note on cretin's response to typhoid inoculation, 333

Hoobler, S. W., *see* Field, H., Jr., 798

Huenemann, R. L., *see* Bryan, A. H., 77

Human constitution and syphilitic infection; review of literature, method of study and results in 36 patients, 38
subject, studies of B vitamins in, I and II, 502, 512

Hyperparathyroidism and Hamilton-Schwartz test in various diseases, 642

Hypertension and pressor activity of heated extracts of human kidneys, 14
results of sulphocyanate therapy in, 378
sustained, following experimental unilateral renal injuries; effects of nephrectomy, 20

Hypoalbuminemia, relations of, to edema of malaria, 861

Hypoprothrombinemia, experimental, 847
idiopathic—apparently unrecorded condition, 662

Hypotension, orthostatic, types of, and their treatment, 1

Hypotonic salt solutions, effect of age on susceptibility of erythrocyte to, 157

I

Idiopathic hypoprothrombinemia—apparently unrecorded condition, 662

Impregnation, artificial, in barren marriage, scope of, 92

Infancy and childhood, diabetes mellitus in, 138

Infants, effectiveness of prenatal administration of 2-methyl-1,4-naphthoquinone in maintaining prothrombin levels in, 359
newborn, effect of topical application of 2-methyl-1,4-naphthoquinone (synthetic vitamin K analogue) on prothrombin level of, 355

Infection, resistance to, and allergy, 447

Infections, pyogenic cutaneous, local treatment of, with sulfathiazole in an emulsion base, 808

Inoculation, typhoid, note on cretin's response to, 333

Inspiration, excitation and inhibition of, by distention of lungs, 913

Insulin, globin, action of, compared with that of crystalline, unmodified, and protamine zinc insulin, 553

Intraventricular block, including so-called bundle branch block, 671

Iodine, protein-bound, in blood, V and VI, 516, 527

Ionic exchanges, certain, rôle of carbonic anhydrase in, 915

Irradiation by radio-phosphorus, dermal and enteral, effect of, on blood levels of dogs, 650
